FREE REGISTRATION FOR COMPANIES

SEARCH FOR COOPERATIONS, PRODUCTS & SERVICES

Over the past few years, the number of **innovative and sustainable blue companies and products** has increased significantly.

We developed the **SUBMARINER CATALOGUE** not only to promote innovative approaches to sustainable use of blue resources, but also to create **a communication platform for you as actors** of the **Baltic Sea Region and beyond**.

Creating a Catalogue profile helps your business development by **increasing your visibility, gaining fast track information to relevant project opportunities** as well as facilitating collaborations between users. **Be part of its evolution** and make this unique interactive platform a success.

Stay up to date with the latest news, hackathons, cluster building and Blue Growth Accelerator events by subscribing to the SUBMARINER newsletter.
